

### SYEN 1310. Homework #3

Assigned: 9/5/12

Due: 9/12/12

Consider a historical engineering achievement (e.g., the Pyramids, the Roman roads, the Cotton Gin, the Archimedean screw, or anything else that interests you). Using your text, the internet (wikipedia, google, for instance), the library, or any other resource, write a brief treatment (1 page at most) describing the invention and why the accomplishment was significant.
