Group Members: \_\_\_\_\_

1 = poor, 2 = below average, 3 = average, 4 = good, 5 = outstanding

Final grade is 100% \* sum of scores/30 \_\_\_\_\_

**The Opening**            1        2        3        4        5

Is the topic introduced? Does the opening grab the viewer's attention? How does the opening shape the viewer's anticipation of what is to come?

**Organization**            1        2        3        4        5

Is the talk organized? Does it flow through a contiguous story? Are the ideas presented in a logical order?

**Content**                    2        4        6        8        10

Is the content appropriate to a 15 minutes presentation (too much? too little)? Are the supporting data accurate? Are sufficient sources cited? Is the research driven by the current literature or was it out of date?

**AudioVisuals**            1        2        3        4        5

How effective were the graphics? Were the slides too dense or too diffuse? Were the fonts readable to the viewers? Did the group make effective use of other media (video clips, pictures, ...)? How effective was the presenter? How clear? How engaging?

**The Closing**            1        2        3        4        5

Did the conclusion summarize the presentation? Were the major points emphasized?
